Phase out announcement: Baseline Terminals and Accessories

With the successful introduction of the AT range of analogue terminals we would like to announce the phase out of the Baseline range of terminals and accessories.

Due to changes within the BaseLine terminals it has been necessary to change the lifecycle and functionality of the product.

The items affected are:

Part Number	Part Name	Superseded by	Part Name
960000929200	BaseLine	BS002DEC0CH	BaseLine
960000931200	BaseLine ZA	BS002DSA0CH	BaseLine ZA

These superseding Baseline terminals have some differences to the previous BaseLine models, they differ in below functionality:

- Ringer by buzzer
On previous design the ringer was via the speaker on the new model ringer is by buzzer
- Seperate Pause key
Due to the redesign the save key has been changed to a pause key which has been moved from a shared redial/pause key.

All BaseLine Terminal accessories will be phased out in line with these terminals.
