GT890 Customisable Home Screen

NEC would like to inform you about the latest announcement regarding the GT890 Customisable Home Screen.

GT890 Customisable Home Screen

As you are aware, NEC is constantly striving to maintain and enhance its products to its partners and customers.

Therefore, NEC is pleased to announce a free new application to enhance the functionality of the GT890 terminal. The Customisable Home Screen (CHS) offers an exciting new enhancement.

With multiple customisable tiles which can be configured with speed dials, URLs or launching other applications the CHS can be uniquely configured to each customers personal requirements. Each tile can be personalized by shape, colour or graphics.

The Customisable Home Screen application is free to download from the NEC App store on the GT890 or via BusinessNet for installation onto the terminal for use on the SV9100, SV9300, SV9500 and SL2100 platforms.
