NEC

AT60 Analogue Desktop Phones

The NEC analogue desktop phones offered a fresh, modern design to the NEC analogue range and NEC would like to expand on this line by introducing new, entry level, non-display versions to the lineup.

AT60 Analogue Desktop Phones

As you are aware, NEC is constantly striving to maintain and enhance its products to its partners and customers.

Therefore, NEC is pleased to announce new members to the family of analogue terminals

Hospitality User (AT-60):

For the Hospitality user, the non-display AT-60 terminal offered in analogue format for users requiring access to basic telephony and messaging service is ideal within a hospitality environment. This model provides standard hospitality functions such as a full featured keypad, message waiting lamp and 3 one-touch dial keys and is available in black or white. Well-suited for communications, such as:

- **Hotels**
- **Motels**
- **Basic communication needs**

Compatibility

Launched to enhance the analogue terminal range, the AT-60 are compatible with with the SL2100 & SV range of platforms.
