Availability & Order Information

The product quantities listed above must be ordered in a single CPQ quotation in order to obtain a reduction of 20 to 30% on the transfer price (WBPP). The discount is granted when discount voucher id. 1400001154 is entered in the project opportunity of this quotation. The discount voucher can only be used in one CPQ order. This means that the price reduction cannot be given when the demo kit is split in multiple CPQ orders.

This discount voucher is valid until March 31 2024.
